

PUBLIC LEDGER

WEEKLY REPUBLICAN-1867.
DAILY PUBLIC LEDGER-1862.

If ORIENTAL WAR SHOULD COME.

If war on small Japan big Russia shall begin
And China's pigtailed clan steps up and pitches in,
What awful things must men in countries far away,
If they would keep informed, essay to read each day.

With warships named Chin Yen, Petropavlosk,
Mixes,
Sevastopol, Iwate, Rosyn, Shikishima,
A mix-up on the sea might make a word like this:
"I Wate-to-Su-Yu-Ross-as-Pet-Mikes-Chin-Yn-Kia."

War stories may write-skills tales of Suashjapanski's deeds,

How mimeski meat he's made of all Mongolski breeds;

How Chu-Up-Russia's way of settling Cossack hash

Death makes Czaree squeal; Higginski gone to smash.

How Count Comeffovitch to Wng Lee hatched a scheme,

But Wng Lee with Wnn Lung come offovitch su pome;

How Russiak fame to save, Goodshotski made a try

But failed; the reason plain—because he shot Tu Hal.

Never such things as these and maps Chinese or Ich

To puzzle New World brains, there'll be no elusion ovitch

To solve that riddle now beyond the ken of man,
Exactly how old is Queen Dowager T'An.

The sloppy and dirty condition of the sidewalks in many parts of the city is the fault of the property owners not having the snow removed. In other cities the size of Maysville they have laws compelling them to do so under penalty of a fine.

KILLED AT AUGUSTA

Aged Woman Run Down Yesterday Morning By C. and O. Train

Mrs. Edwards, aged about 70 years, was struck by C. and O. train No. 10 yesterday morning as it was pulling into Augusta and died from her injuries in a few hours. She attempted to cross the track and lost her life in doing so.

Mr. George H. Traxel of this city was on the train en route to Cincinnati, and witnessed the accident. This is the second life lost in that city by being ground beneath the wheels of a train within two weeks, yet people continue to be careless and reckless about the approach of a train. In nine cases out of ten the fault is with the injured and not that of company or management.

The announcement of the filing of his petition in bankruptcy by Mr. Robert C. Kirk of this city in Covington Thursday appeared in this paper yesterday. He figures his liabilities at \$8,252.00 and no assets except what he has pledged with the State National Bank of this city as security for \$3,983.64 due on notes.

The LEDGER of yesterday was misled in its statement of the discharge of Mr. William Clements as an engineer on the C. and O. Railroad. While it is true that some of the engineers were under investigation, Mr. Clements is still an employee of the road and is running his same old engine. He is the oldest in point of service and is acknowledged to be about the best engineer in the Western country. THE LEDGER, together with his numerous friends in this city, is glad that the statement was premature and without foundation.

WONDER if Mr. BRYAN's presence in Europe with his free silver foolishness had anything to do with the recent shipment of \$27,665,000 in gold from England to this country?

THERE are a great many smaller men in the democratic party than your Uncle GROVER, but there are very few who have a more exalted sense of party honor and public duty.

THE regular biennial bill has bobbed up at ankfort providing for a return to the anti-viva voce system of voting. It has as much chance of passing as—what was yellow said about a snowball?

The politicians out of a job tried to voters believe that the big "Trnts" to wrest every liberty from the people.

It will be remembered that THE LEDGER said many of those mammoth organizations would soon break down of their own weight. Will some one please rise up now and say who was right?

JAMES DAY is one of Cincinnati's strenuous citizens. It took a pair of policemen to take from him an iron poker with which he had been caressing his wife and daughter. VALENTINE SENTGRAF, another Cincinnatian, was more considerate. He attacked his daughter only, using a knife. Whatever may be said of the Kentucky mountain "fendists," they do not make war on women, much less their own wives and daughters.

Fred W. Bauer, job printer of 4 East street, says:

for a year or more I had considerable pain in my back. The secretions from the kidneys are dark and there was some inflammation of the bladder, evidenced by a sensation of scalding.

Doan's Kidney Pills came to my knowledge and I procured them at J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets. The treatment soon restored the kidney secretions to a natural color, ended the irritation and banished the pain from my back.

MR. OLNEY's friends in the East are apologizing for his support of Mr. BRYAN in 1900. It is difficult to reconcile Mr. OLNEY's position with his opposition in 1896. Perhaps the distinguished son of Massachusetts expects his vote in 1896 to secure Eastern support and his other vote in 1900 to bring Western Democrats to his help against the mighty.

A LITTLE girl wrote to The Boston Herald and told of her visit to the tomb of JULIET in Verona. She must be an excellent little news-gatherer, for she says the tomb is almost covered all the time by the thousands of visiting cards left there by visitors. In fact, they are left in such numbers that the keeper has to cart them away at frequent intervals lest the moss-covered tomb be buried beneath them. Verily, all the world loves a lover, especially if the love is a girl like the Juliet SHAKESPEARE depicted.

HON. S. D. RIGDON of Bracken county, who is anxious to start in the Kentucky Legislature a fight upon alum baking powders like that which made the Mississippi Legislature famous, has introduced a bill providing that all persons selling baking powder in which alum is used shall be fined unless the packages bear legible labels, setting forth the fact that they contain alum. Mr. RIGDON believes that the digestion of the people of Kentucky is at stake, and is enthusiastic in behalf of his measure. The bill will doubtless be fought by certain manufacturers.

THE Grand Army Post at Austin, Texas, has adopted resolutions denouncing President ROOSEVELT.

The resolutions charge that he has discriminated against the G. A. R. as an organization and against the members as individuals, and that he has entered into league with the political deserters from the Democratic party in the distribution of offices in the South.

The resolutions pledge the members of the Post to do all in their power to prevent the nomination of Mr. ROOSEVELT, and, failing in this, to work against him in the campaign.

The same charge can be made against the President in other parts of the country, where he has been guided by Democratic advisers rather than by the records of Civil War Veterans—even after issuing an Executive Order to his Department Chiefs directing that Civil War Veterans should receive preference in all appointments.

The death of T. C. Campbell, the noted criminal lawyer, through ill-usage at the hands of alleged West Indian pirates in this twentieth century, when piracy is so much out of place, seems to be an anachronism. Deploitable as is the event itself, it is, however, in respect of its startling character, a sort of termination that might be looked for a career full of surprises, perturbation and sensations.

The towboat Gleaner and fleet are still safe at Mt. Vernon, Ind. Fear had been felt that the big towboat would be injured by the ice which surrounded her.

Ice continues to block navigation. The siege is especially hard on rivermen and owners of floating craft, who are put at great expense in protecting their property, etc. The ice in the river is still very heavy, with the banks steeped, and from present indications it will be some time before the boats can resume.

GOLDEN
MEDICAL
DISCOVERY.**

"I suffered for six years with constipation and indigestion, during which time I employed several physicians, but they could not reach my case," writes Mr. G. Pepplewell, of Eureka Springs, Carroll Co., Ark. "I felt that there was no help for me; could not retain food on my stomach; had vertigo and would fall helpless to the floor. Two years ago I commenced taking Dr. Pierce's Golden Medical Discovery and little 'Pellets,' and improved from the start. After taking twelve bottles of the 'Discovery' I was able to do light work, and have been improving ever since. I am now in good health for one of my 60 years. I owe it all to Doctor Pierce's medicines."

What's in Name? Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co., of Chicago discovered some years ago how to make a salve from Witch Hazel that is a specific for Piles. For blind bleeding, itching and pruritis, piles, eczema, cuts, burns, bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Your Wife

can be provided with an annual income for life, in event of your death, at less cost than you can make the same provision for your children.

The low rate makes very attractive this form of contract, devised and introduced by The Mutual Life Insurance Company of New York.

On August 18th, a young business man of New York took out a \$100,000 policy of life insurance. He paid three premiums of \$600.00 and in September, 1903, he died. The Company at once paid his widow \$1,000, and will continue to pay her that amount annually as long as she lives.

In writing for terms, state the amount of annual income you would like to provide for your wife, the amount of cash you would like returned and give the ages of both.

THE MUTUAL LIFE INSURANCE COMPANY OF NEW YORK,
RICHARD A. MCCARTHY, President.

**Sure
Relief for Women.**

No. 18 Central Ave.
HOT SPRINGS, ARK., April 30, 1903.

Eighteen months ago I was completely run down, my body aching from head to foot. My back seemed to break in two and I suffered intense pain in the lower abdomen. I could not afford to lay off and take a rest, and no medicine helped me any.

A friend told me how much Wine of Cardui built her up and advised me to take it. The day I took the first dose the recovery of my health began. It was nearly three months before I was entirely cured, but at the end of that time I was in better health than I had been for seven years.

Anna Nelson
Orator, WEDNESDAY CHAUTAUQUA CLUB.

WINE of CARDUI

Mrs. Nelson describes the condition of thousands of women. That condition comes by slow stages. Usually the important function of menstruation is at first slightly irregular. Then comes the painful periods. Bearing-down pains and ovarian inflammation follow. Finally the nervous system gives way and the whole system has become affected and the pains rack the body from head to foot.

Wine of Cardui is a menstrual regulator of established reputation. No woman who takes it suffers as Mrs. Nelson suffered. It gives speedy and complete relief from the torturing menstrual agonies which are making so many women invalids today. Do not let yourself come to the pitiable condition Mrs. Nelson describes.

Secure a bottle of Wine of Cardui from your druggist today and begin treatment immediately.

Appreciated.

MR. GEORGE H. TRAXEL!

In behalf of my wife and myself I desire to thank you for the invented device that will prevent gas explosions. We believe were it not for your Safety Device that our range would have been blown up and our lives endangered. Shortly after the fire was started in the range steam and water began blowing out of the Safety Appliance indicating that the pipes were frozen and water could not be released. The pipes consequently steam and pressure were accumulating only to be relieved as fast as it could accumulate by the Safety Appliance.

Mr. R. R. BROWN,
Secretary V. M. C. A.
